FIXTURE CHANGES

There have been several cancellations recently, and this combined with the precedence of cup football will lead to inevitable late changes to the fixture list.

Please be as flexible as you can and allow Ron Garrard to alter matches as late as the Monday preceding the Sunday fixtures.

In all changes, he will be seeking to reduce the potential for losing a pitch cost but this is not always possible.

REFEREES

If you have run out of the Referee's cards, they can be downloaded via the official ESFC Website.

<http://www.esfconline.co.uk>

All referees should have received a copy of this sheet in the post with this newsletter.

MATCH CANCELLATIONS

Please let your opponents and the Referee know with as much notice as possible before the game.

If this is not done, others will be forced to count the cost of the game, which the defaulting club will almost certainly be liable for.

- Pitch Fee
- Referee's Fee
- Fine for non-completion of game.
- Award of game to the opposition.

The Management will sit on any game that does not get completed due to a defaulting team and decide which fines will be applied. Therefore you may see the importance of as much notice as possible.

All the best for the Festive period and have a great Christmas.
