REFEREES

Once again, a reminder please to warn your teams to avoid confronting the referee in an intimidatory way either on or off the field.

I request that you follow the correct procedure in the event of there being a problem with a match official.

Our referees are very important to us and our coverage remains as high, if not better, than most other leagues in the region. This is because, in the main, we have positive feedback from the men in black on most of our teams, but if they encounter problems in any division, especially at the top, then we find we lose them to the game.

Let's keep our tempers and our mouths closed and allow the referees to do their jobs without incident.

If you feel the need to complain, please send a report, in the first instance to Roger Chilvers, General Secretary. This is the only way we can launch an investigation and help resolve the issues.

As a Management team we review on a regular basis and take action when necessary.

COUNTY CUP SCORES

For all those teams involved in County/London competitions, you are politely reminded to still text/phone in the result in the normal way to us.

SUSPENSIONS

Are carried over and still valid for this season. All these are checked by the Registrations Secretary.

MATCH CONFIRMATIONS

Should also include details of kit colours. Away team should change in the event of a clash. Please be aware that kick offs are for 10.30am

PRE-MATCH RITUALS

It is your job to go find the referee, especially at places like Central Park &

Parsloes, pay him his fee before the game & present him with two fit, pumped up match balls but NOT training balls. It has been reported more than once that these requests are not being observed.

MANAGEMENT TEAM VISITS

Over the course of the season, your game may well be visited by at least one of the Management team in an official capacity. This is to make sure that everything is in order. Please make sure your paperwork is present & correct if requested.

The next meeting :
Start 20:00hrs
Thursday 11th October 2007
M&B Club, Dagenham Road

PHOTOS

Often during the course of the season I am able to capture some shots from games that I visit & have already covered Global vs Make-way and this is available to view on the league website.
